

COVID-19 Updates

IMPORTANT CLINIC RE-OPENING ANNOUNCEMENT May 1/20

The inMotion Network of Physiotherapy Clinics and More is excited to announce our re-opening of in-clinic care on Monday May 4th!!! As the COVID-19 curve flattens, the Manitoba government will begin Phase 1 of slowly and safely re-opening the economy. The efforts we have embraced appear to be working and together we can slowly return to a “new normal.”

Effective May 4th, all clinics** will begin to slowly and safely re-introduce the following services:

- Physiotherapy
 - ◆ In-clinic
 - ◆ Virtual if preferred
- Pelvic Floor Therapy
- Vestibular Therapy
- Massage Therapy
- Nursing Foot Care
- Athletic Therapy
- Chiropractic
- Dietician Services

**** Arborg will be resuming in-clinic care Monday May 11th**

**** Gillam yet to be determined**

Patients currently receiving virtual therapy can continue if they prefer instead of in-clinic treatment. For in-clinic services, we will continue to enforce COVID-19 screening precautions and all government mandated safety measures to protect our valued patients and staff.

We ask that all clients wear a face mask when coming into the clinic. If you are not able to procure a face mask we will provide you with one.

If you are early for your appointment, please wait outside or in your vehicle until your appointment time.

To reduce patient-reception interaction we ask for payment via credit card or e-transfer instead of cheque or cash.

Please do not bring a companion to your appointment unless you require mobility assistance.

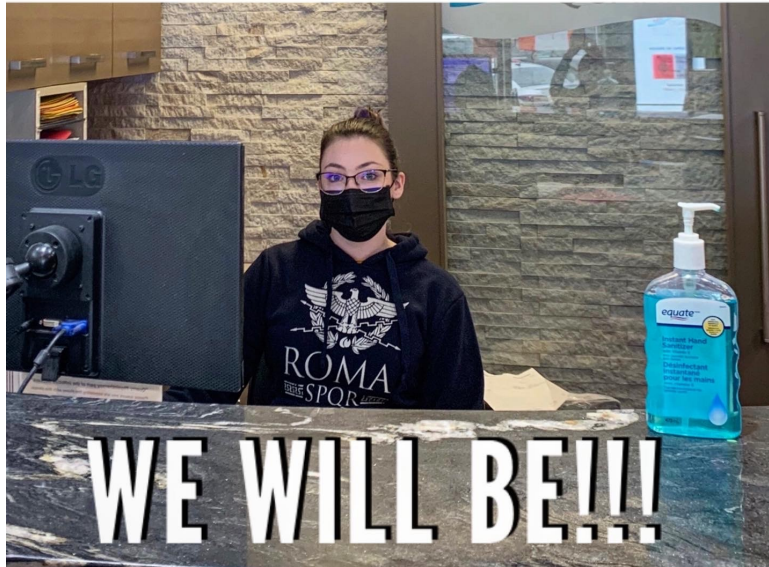

Upon arrival there will be a hand sanitizing station for you to utilize as well as a precautionary questionnaire for you to complete before fully entering the clinic.

Ensure to keep a distance of at least 2 metres from others. We will have markers on the floor to re-enforce physical distancing measures.

If you feel ill or have been in contact with someone who is ill, please reschedule your appointment.

Please call your clinic to book in and get back inMotion!

TO ENSURE EVERYONE'S SAFETY
AND WELL BEING PLEASE WEAR
A MASK TO YOUR APPOINTMENT.

We are all in this together and will get through this together!!

The inMotion Team

We are pleased to announce the inMotion Network is now offering Telerehabilitation and Emergent Care! April 15, 2020

The inMotion Network of Physiotherapy Clinics and More remains in the COVID-19 battle with you. We are pleased to announce select clinics will be available for emergent care and all clinics for Telerehabilitation beginning Wednesday April 15, 2020.

Telerehab (virtual treatments) for existing and new patients: For existing patients, Telerehab will allow continuation of care and recovery while maintaining social / physical distancing and home isolating. For new patients, Telerehab will provide a platform for assessment and identification of your condition and start you on a rehabilitation program. Requirements are a computer, laptop (with camera capability) tablet or smartphone and an internet connection! As a courtesy to existing patients, we will be reaching out to you in the next few days or alternatively please call the clinic you are associated with to book your appointment or to ask how it works. For new patients, please contact the inMotion Clinic closest to you.

Urgent Care appointments for new assessments and existing patients with urgent conditions will be offered at 3 locations:

- Quarry Physiotherapy Stonewall 204-467-9101 quarrystw@inmotionnetwork.ca
- Sage Creek Physiotherapy 204-253-6768 sagecreek@inmotionnetwork.ca
- Portage Physiotherapy 204-239-0704 portage@inmotionnetwork.ca

Very strict access, screening and patient intervention measures will be enforced to ensure patient and staff safety are paramount.

We are all in this together and will get through this together!!

TeleHealth and Urgent care - Important inMotion Network Announcement - March 27/20

The inMotion Network of Physiotherapy Clinics and More is in the COVID-19 battle with you. With social responsibility and professional integrity in mind, we are launching two initiatives next week.

TeleHealth (virtual treatments) for existing clients. This will enable many of our clients to continue with care and recovery while maintaining social distancing during this time. Requirements are a computer, laptop (with camera capability) tablet or smartphone and an internet connection!

Urgent Care Appointments for new assessments and existing patients with urgent conditions will be offered at 4 locations

- Quarry Physiotherapy Stonewall 204-467-9101 quarrystw@inmotionnetwork.ca
- Sage Creek Physiotherapy 204-253-6768 sagecreek@inmotionnetwork.ca
- Portage Physiotherapy 204-239-0704 portage@inmotionnetwork.ca
- Physiotherapy Works! 204-942-2463 physioworks@inmotionnetwork.ca

We will be enforcing very strict access, screening and patient intervention measures to ensure patient and staff safety are paramount.

We are all in this together and will get through this together!!

COVID-19 Temporary Clinic Closures - March 18/20

At the inMotion Network your health and well-being is our top priority.

In consideration of the current COVID-19 pandemic, the inMotion Network of Physiotherapy Clinics and More will be suspending in-clinic patient care. It is our social responsibility to our staff, patients and to the community to temporarily withhold services.

Effective Thursday March 19, 2020 we will remain closed for two weeks or until further notice as we will be evaluating this fluid situation daily. We will be providing regular updates on social media and our website. Staff will be available throughout the temporary closure to answer any of your questions via email or phone until services are re-instated. Patients will not be left stranded. A platform for communication via video or telephone means to assist patient care during the temporary closure is being prepared.

This was a very difficult decision, but we are convinced this was the right one in doing our part to flatten the curve of COVID-19 exposure.

Thank you to all for your understanding and continued support during these challenging times.

Let's unite in the fight to stop COVID-19 for the benefit of all!

The inMotion Network Team
